

SPEAKER'S BIOGRAPHIES (CONT.)

Dino Miliotis

Dino is a Certified Practising Accountant who joined DPM in 2009. Dino specialises in compliance and taxation issues within private practice, including setting up a private practice, income tax planning, GST and BAS, capital gains and tax structuring. He also has a strong background with looking after clients across a number of lifecycle stages, from doctors in training to established consultants, advising on salary packaging, overall tax planning and wealth creation.

**Dr Cameron McLaren,
PCPA board member**

Dr McLaren is a medical oncologist from south-east Melbourne.

An early-adopter of VAD, he has conducted eligibility assessments in over 200 cases of application for VAD. He is a

Clinical Moderator of the state-based VAD Community of Practice, an online forum for VAD-involved doctors to discuss their experiences, and is the founding director of VADANZ – Voluntary Assisted Dying practitioners of Australia and New Zealand; a group focused on the practice of, rather than the advocacy for, assisted dying and euthanasia services.

Nick Chapman

Nick Chapman is the Personalised Healthcare Lead at Roche Products Pty. He works across Roche's pharmaceutical and diagnostics division, leading a cross functional team that focuses on precision diagnostics, digital health and data-enabled health systems. Nick has almost 20 years pharmaceutical industry experience working in Australia, the UK, Switzerland and the US. The majority of his time has been spent in commercial and strategic partnerships functions. Nick has a BSc (Hons) from University of Manchester and an MBA from Warwick Business School.

Steven Macarounas

Steven Macarounas began educating and advising healthcare professionals on business and financial management in 1987. He has dedicated almost 35 years of his working life to helping lift doctors level of knowledge on the crucial non-clinical aspects of their lives, such that

they can make informed decisions, and smooth their path to success.

Steven holds a Bachelor of Commerce, a Diploma of Financial Planning and has developed and sold several medico-specialist financial services organisations in his career.

He is the founding partner of The Private Practice, Australia's premier business, financial and lifestyle educator of healthcare professionals – helping doctors address the value of their lives is his passion, providing the knowledge and tools to transform their lives is his calling.

The Hon Ged Kearney MP. Assistant Minister for Health and Aged Care

Ged Kearney is the Federal Member for Cooper. Ged has served in the parliament since March 2018, when she was elected in a by-election. She is the first woman to hold the seat.

Ged is the Assistant Minister for Health and Aged Care.

Ged started her working life as a nurse and rose to become Federal Secretary of the Australian Nursing Federation. From 2010, Ged served as the president of the ACTU – the peak body of Australia’s union movement – where she fought for better conditions for Australian workers.

Ged’s working life – from nurse to president of the ACTU to parliamentarian – has been about fighting for the rights of others.

She is a strong voice for social justice, workers’ rights and universal healthcare inside Labor and the parliament. Ged is a passionate advocate for the environment and throughout her career she has supported a humane response to refugees.

Ged was born and raised in Melbourne and lived in Cooper for over 25 years. Ged has 4 children, 2 stepdaughters and 4 much-loved grandchildren.

Clinicians, canapes and conversation

Networking event.
Saturday 5-7pm at Ballroom Foyer

A/Prof Christopher Steer, PCPA President

Christopher is a medical oncologist at Border Medical Oncology at the Albury Wodonga Regional Cancer Centre in regional NSW, Australia. He is an Associate Professor at the UNSW School of Clinical Medicine, Rural Clinical Campus in Albury and an Adjunct Professor at La Trobe University, Wodonga Campus.

Christopher is an investigator at the Border Medical Oncology Research Unit and strives to bring clinical trials to patients in regional Australia. Christopher is the co-chair of the Regional Trials network - Victoria (RTN-VIC) ReVITALISE Geriatric Oncology initiative. With \$2.7m of funding over 5 years the aim of this project is to improve the access to clinical trials for older adults with cancer in regional Victoria and southern NSW. He also serves as the co-chair of the VCCC/MPCCC Research Advisory Committee for cancer in the Older Adult.

As the coordinator of Independent Learning Projects (ILPs) for the UNSW Albury Clinical Campus, Christopher works to foster research skills in local medical students and acts as a mentor for clinician investigators.

Dr Margaret Faux, PhD

Dr Margaret Faux is a Solicitor of the Supreme Court of NSW and the High Court of Australia, having practiced law for over two decades. She is also an academic scholar of Medicare and health insurance law, having recently been awarded her doctorate for her PhD thesis on the topic of Medicare claiming and

compliance. She has also published in peer reviewed journals on the topic of Medicare compliance.

Margaret has been administering medical billing since Medicare began and is the founder and CEO of global Medtech company, Synapse Medical, which operates one of the largest medical billing services in Australia via an app based billing system with Australia’s only medical billing rules engine.

Margaret is passionate about supporting health professionals with their Medicare compliance obligations and unravelling the mysteries of Medicare. Margaret is considered one of Australia’s leading experts on the operation of Medicare and contributes widely to the national health reform debate.

Professor Fran Boyle AM

Professor Fran Boyle is a highly experienced medical oncologist who specialises in the areas of breast cancer and melanoma. She is passionate about making advances in this field and her practice focuses on researching new treatments as well as developing care and communication. Prof Fran Boyle is a

medical oncologist at North Sydney’s Mater Hospital where she is Director of the Patricia Ritchie Centre for Cancer Care and Research. She is also a professor at the University of Sydney where she is heavily involved in structuring the medical oncology teaching program.

For over 20 years, Fran has been involved in setting up clinical trials, supportive care and psychosocial research in breast cancer. She has previously chaired the Board of Breast Cancer Trials and contributes to clinical trial development nationally and internationally through Breast Cancer Trials and the International Breast Cancer Study Group.

Rob Khamas

Rob Khamas is well-known in Australia as the CEO and founder of REND Tech Associates, a leading provider of Healthcare IT that today offers a nationwide solution to healthcare professionals, clinics, specialists and government organisations. Rob has

also contributed articles to a wide range of publications in a bid to inform healthcare professionals on the ways technology can benefit their businesses.

Rob has over twelve years experience working within the IT sector, specifically within the healthcare industry. Rob is an energetic and influential leader, with strong analytical, strategic and problem solving skills. He has a track record of developing businesses and leading change, delivering year on year growth and strong financial performance

REND Tech Associates is a specialised eHealth firm that helps businesses make full use of the technology in the health sector. We’ve had unrivalled success in project delivery and customer satisfaction.

Prof Stephen Clarke, PCPA board member

OAM MBBS PhD MD FRACP FACHPM
FAHMS

Stephen Clarke is a medical oncologist at Royal North Shore Hospital in Sydney (since 2010) and Professor of Medicine at the University of Sydney (since 2004) and Chief Medical Officer, Medical Oncology, at Genesis Care.

After completing his medical oncology training at Royal North Shore Hospital, Stephen undertook a PhD in the Phase I unit of the Institute of Cancer Research/Royal Marsden Cancer Hospital, before returning to Australia in 1994.

He has clinical and research interests in thoracic and GI cancers, including mesothelioma.

His research has achieved almost \$30 million in competitive grant funding that has led to over 360 publications.

His work has been recognized by an OAM in 2011, the MOGA Cancer Achievement Award in 2016 and the Eric Susman Prize (2013), the College Medal (2019) and John Sands Medal (2020) from the Royal Australasian College of Physicians.

Josh Flett

The focus of Josh’s practice for the past 10 years has been advising clients from the medical profession on their unique legal requirements. Josh is experienced in a range of commercial, litigation, property and trust law matters. He regularly advises medical professionals in relation to setting up, running, acquiring or divesting of interests in medical businesses.

His knowledge of the structuring of business arrangements also places him in a unique position to provide comprehensive advice to private clients to ensure that appropriate consideration is given to business succession planning, asset protection and tax implications.

Josh holds a Bachelor of Laws and a Graduate Diploma of Legal Training. He was admitted to legal practice in the Supreme Court of Victoria in 2008 and is admitted to practice in the High Court of Australia.
